

# PCA Tile & Grout Clean™

TILE & GROUT CLEAN™ was developed as a safer alternative to hydrochloric acid, to remove cement, efflorescence and grout residue from a wide variety of substrates, commonly used in the tiling and paving industry, including:

- INTERNAL & EXTERNAL USE
- CONCRETE PAVERS
- BRICKS
- SOME NATURAL STONES
- MOST PAVING
- TILES

- SAFER AND EASIER TO USE THEN CONVENTIONAL ACID BASE CLEANERS
- COMMERCIAL GRADE
- CAN BE USED ON TILES, PAVERS AND SOME NATURAL STONE
- NO HARMFUL FUMES
- REMOVES GROUT SMEARS OR HAZE WITHOUT AFFECTING THE GROUT JOINTS

## DIRECTION FOR USE

TILE & GROUT CLEAN™ can be diluted up to 20:1 with water. Add TILE & GROUT CLEAN™ to clean water to the desired strength and allow the solution to react with the surface for maximum efficiency without allowing the surface to dry. Rinse well with clean water to remove solution. Final rinse with STONE DEGREASER™ is recommended. Do not use on Sensitive/ Polished surfaces.

Always do a test first in an inconspicuous area to ensure suitability and satisfactory results.

## SAFETY NOTES

For more specific and further information regarding the handling of this product, please refer to the Safety Data Sheet.

## CLEAN UP

Thoroughly rinse application equipment with water.

## DISPOSAL

TILE & GROUT CLEAN™ must be disposed of according to local, state and federal regulations.
